

Terms & Conditions ASVA products

A few conditions apply to renting ASVA products. Here you can read these conditions.

Student

To be able to rent ASVA products, you have to be a member of the ASVA Student Union. You must be a student at an educational institution in Amsterdam or the surrounding area to become a member. Partner organizations can also borrow products from ASVA. You can become a member [here](#).

Reservation and pick-up

To rent a product, make a reservation for the desired rental period by sending an email to studentenbalie@asva.nl or call/whatsapp us on +31 6 39625931. State the following in this email:

- Desired product
- Desired rental period
- Desired pick-up and drop-off time during the opening hours of our Student Desk. The opening times you can find [here](#).
- Your name

If the product is available for this period, you will receive a confirmation of your reservation. The student desk will then let you know what time the product is available.

Rental and prices

To rent products, you pay a deposit and, in some cases, a rental fee. You can find the deposit rates for each product [here](#). The loan is free until 3:00 p.m. on the next ASVA business day when the front desk is open. After this free period, you'll be charged a rental fee. **Please note:** This may vary by product.

The following applies to the cargo bike, beamers, speakers, silent disco set and camera's:

- € 15,- per ASVA business day
- € 20,- for the weekend

The following applies to all other products:

- €7,50 per ASVA business day
- €10,- for the weekend

The rented item must be returned by 3:00 p.m. on the agreed day. If the items are returned late without contacting the ASVA Student Desk in a timely manner, the renter must pay a late fee. This fee is equal to twice the rental cost for each ASVA business day or weekend that the items are returned late and will be deducted from the deposit refund.

Liability tenant

Both renter and lessor ensure that products are in good condition, without defects rented out. Any damage at the start of the rental will be noted on the rental agreement described.

- The renter is liable for all damage that occurs during the rental period.
 - The renter is liable for loss of the rented product.
 - The renter is liable for all costs resulting from damage or loss of the product.
- These costs may be higher than the deposit paid and will be recovered from the tenant.

Cancellation or extension

For cancellation of the rental, please contact the student desk. Extension is possible if agreed in time.

Contact

For more questions about the leasing process, our products or other questions, please contact the [ASVA student desk](#).
